

Center for Behavioral Neuroscience Spring Symposium
Social Cognitive Neuroscience

Saturday, May 23, 2009

Whitehead Auditorium

Emory University

AGENDA

- 8:30 a.m. Continental Breakfast in Whitehead Bldg. Lobby, Emory University
- 9:00 a.m. Welcome and Introductory Remarks
Walt Wilczynski, Ph.D., co-Director for Research, CBN
Kelly Powell-Stout, Ph.D., Associate Director, CBN
- 9:15 a.m. Mike Platt, Ph.D., Duke University
“Neuroeconomics of social reward and decision making”
- 10:00 a.m. Heather Rupp, Ph.D., Center for the Integrative Study of Animal Behavior,
Indiana University “Neural activation patterns during women’s sexual decision-
making: Influences of menstrual cycle phase and partner risk”
- 10:15 a.m. Break
- 10:30 a.m. Katalin Gothard, MD, Ph.D., The University of Arizona, Tucson
“Face processing in the monkey amygdala: Neural and autonomic correlates”
- 11:15 a.m. Kevin Pelphrey, Ph.D., Yale Child Study Center
“Brain mechanisms for the typical and atypical development of social cognition”
- 12:00 p.m. Kultran Chohan, Ph.D., Keck Center for Behavioral Biology,
N.C. State University
“Chemosensory perception of ethanol in flies”
- 12:15 p.m. Lunch in Whitehead lobby
- 1:45 p.m. James R. Blair, Ph.D., National Institutes of Mental Health
“The amygdala and orbital frontal cortex in moral and amoral reasoning”
- 2:30 p.m. Heather Adelwele, Keck Center for Behavioral Biology,
N.C. State University
“Reproductive development is adversely affected by neonatal BPA exposure”
- 2:45 p.m. Final Questions for Invited Speakers
- 3:00 p.m. Acknowledgements
